REDS SAY 60,000 NAZIS WIPED OUT

14 Kankakeeans Are Placed On Defense Board

First Project Will
Be Survey Of Local
Housing Facilities

A committee of 14 Kankakeeans has been named as the local defense council, appointed by Mayor Albert F. Harrison in accordance with the suggestion of the federal government and the state defense council.

The mayor, who is honorary chairman, has named George Luehrs as executive chairman.

Housing Survey
First project of the council will be to conduct a survey of local housing to determine if there is a need for further building activities.

During the weeks ahead the council will urge residents to buy their own supply of coal so that they will not be caught short in the anticipated transportation bottleneck when winter comes. Shippers will also be asked to use railroad freight cars economically and to keep the cars moving so that they can be used to handle more freight.

Members of the local defense council in addition to the mayor and chairman Luehrs were announced today as follows:

Twelve Members

Don Henrich, secretary of the chamber of commerce; W. A. Kraus, representing industries; Leroy Lottinville, labor; Harry Topping, real estate; Frank Schneider, Kankakee Federal Savings and Loan association; Arthur Beckman, first trust and savings bank; Charles Mueller, city national bank; Vernon McBrown, president, chamber of commerce; Romy Hammes, chairman of the commerce group national defense committee; Martin O'Brien, chairman of the retail merchants committee; Ned Condon, utilities; and Burrell Small, publicity.

Britain Breaks Relations With Little Finland

London, Aug. 2.—Great Britain declared Finland enemy occupied territory today following severance of diplomatic relations with Helsinki. As a result of the move, British ships will be unable to call at Finnish ports and a government order cut off all commercial and financial transactions between the countries.

Finland was held formally an "enemy destination for contraband purposes." An authoritative source said communications with Finland were interrupted last night when Foreign Secretary Anthony Eden was notified of the diplomatic break.

The source emphasized the two countries were not at war with one another and said Britain still considered the break the result of "an unfortunate association of Finland with the axis."

Denigrating Finland as German-occupied territory would not affect Finnish shipping because the recent occupation of the country by Nazi troops made impossible issuance of licenses to vessels enroute to Finland, this source said.

FOUR COUPLES LICENSED

Marriage licenses issued yesterday and today by the county clerk were as follows: Lester Hendrickson, 25, and Phyllis Carl, 25, both of Manteno; Arthur Van Emigh, 21, and Eunice Conner, 19, both of Kankakee; Otto Hoover, 40, and Evelyn Holmberg, 20, both of Harvey; Richard Merwin, 20, and Janet Sheehan, 20, both of Kankakee.

Flag-Raising Ceremony Held At Kankakee Ordnance Works

Joint, Ill., Aug. 2.—(RN Special) The official post flag was raised at the Kankakee Ordnance Works this week by army officers and a squad of veterans from Harwood post, American Legion of Joint.

Held during the noon hour Wednesday, the ceremony was witnessed by a gathering of plant workers, representing the 10,000 now employed in construction of the Kankakee works. One of the employees, the Rev. P. J. Edwards, gave the invocation.

Brief Speech

Lt. Colonel Harry R. Kadlec, construction quartermaster, representing the quartermaster general, spoke briefly in presenting the flag pole to Lt. Colonel T. C. Gerber, commanding officer, representing the ordnance department. Colonel Gerber spoke briefly describing the importance of the flag to the country, and the importance of the Kankakee Ordnance works in the national defense program.

Returns From London

Brief case in hand, W. Averell Harriman, coordinator of American aid to Britain, calls at the White House in Washington to confer with President Roosevelt. Harriman's arrival in the United States followed word from London that he had left there by plane on an unannounced date.

Jack Blatchford Dies Today Of Long Illness

Funeral For Master
Plumber Is Monday
At St. Patrick Church

Jack A. Blatchford, 55, plumber and heating contractor, died at 5:30 o'clock this morning at his home, 450 South Schuyler avenue. Although he had been in failing health for a year, his death was unexpected. Solemn requiem high mass will be conducted at St. Patrick church Tuesday morning at 10 o'clock followed by burial in Maternity cemetery near Bourbonnais.

The body will be removed late this evening from the Hickey funeral home to the residence where friends may call. Members of the Holy Name society of St. Patrick church will meet at the home at 7:30 o'clock Monday evening for recitation of the rosary.

Native of Grant Park
Mr. Blatchford is survived by the widow Clara and an aunt Mrs. Anna Wheeler of California. A brother, Herbert, and a sister, Florence, preceded him in death.

The son of Mr. and Mrs. J. R. Blatchford, he was born in Grant Park in 1885. He had been in the plumbing business here for 40 years. He was a member of the Master Plumbers organization, president of the Builders' club, president of the Kankakee Marsh Skeet Gun club, member of the Holy Name society and the Elks club.

NON-SUPPORT CHARGE

Joseph Stankus, 23, 780 North Harrison avenue, was arrested Friday night by Deputy Sheriff George LaFontaine on a capias charging him with non-support. He was released on bond with hearing set for Aug. 23 in county court.

The flag raising ceremony, held at the post flag staff in front of the new administration building, was conducted by Edward Brennan, commander of Harwood post. Painters employed at the works presented the flag to the post.

Several other flags had been raised at the post in the past few months by various groups of employees, in patriotic demonstrations believed to be unprecedented in any other defense construction projects in the country.

Step In Construction
Ceremony of raising the post flag, while not accepted as the official dedication of the Kankakee works, nevertheless marks another step forward in construction progress at this huge new TNT manufacturing project which is expected to start production almost any week.

Completed units are being accepted regularly by 14, Colonel Gerber for the ordnance department. In the manufacturing area, the first sub-

Three Persons Injured In Two Auto Accidents

Children Hit By Car
In Kankakee, Other
Accident On Route 45

Three persons were injured in two auto crashes in this vicinity last evening.

Two children sustained face injuries and contusions about the body when struck by a car at 9 o'clock Friday night at Fifth and Stone streets. They are Rita Thiano, 3, daughter of Mr. and Mrs. Nick Thiano, 220 North Ninth avenue, and Angeline Anton, 9 months old, of Chicago.

Taken to Hospital

The grandmother, Mrs. Christine Athanasopoulos was walking across the street pushing a buggy in which the baby lay. Rita ran ahead just as a southbound vehicle approached, driven by Luther Stowe, 270 East Erie street. Bradley, who collided with both children. They were taken to St. Mary hospital for first aid treatment. The grandmother was not injured.

Mrs. Marjorie Douglas, 42, of Aurora driving south on U. S. highway 45, 15 miles north of Kankakee, at 6:45 o'clock last night, lost control of her vehicle when another approached. Her auto went into the ditch and struck a pole. She received first aid treatment at St. Mary hospital.

In two other accidents, no one was injured. Involved were cars of W. F. Watling of Oak Park and Sam Azaroff, 270 North Chicago avenue at Washington and Court; Thomas Dudley, 1229 South East avenue, on highway 113N, 6 1/2 miles north of Kankakee.

Peeper Suspect Held By Police

Justin "Squeaky" Damasewski of North Dearborn avenue was arrested at 1:55 o'clock this morning by Officers Wallace Flannery and Percy LaGesse as a suspect in window-peeping activities in the Third ward.

A number of persons in the vicinity of Fifth and Station streets have complained about a peeper in recent weeks. The suspect picked up on South Washington avenue, was to be viewed today by persons in the neighborhood.

Oppose Lowering Of Income Tax Exemptions

Washington, Aug. 2.—Chairman Doughton (D-N.C.) announced today the house ways and means committee had rejected three suggestions from President Roosevelt for last-minute changes in the \$3-529,000 tax bill, including a proposal for lowering individual income tax exemptions.

Doughton said that although the treasury had opposed any broadening of the income tax base, the President had suggested that the exemption for single persons be lowered from \$800 to \$750 and that for married persons from \$2,000 to \$1,500.

The President's suggestions, contained in a letter to Doughton, also included a proposal for modification of the requirement that all married couples file joint income tax returns so as to give each spouse credit for his or her earned income and the substitution of the treasury's excess profits tax plan in place of that approved by the committee.

Doughton said he had been instructed by the committee to inform the President that the group had decided not to make any changes in the bill at this time.

Members said they were surprised by the income tax exemptions and said that his suggestion regarding the joint return provision would have resulted in confusion.

**Kankakee Boy
Is Bitten By Dog**

Robert Montague, 395 North Greenwood avenue, was bitten on the nose by a dog Friday afternoon near his home.

The dog, owned by Bert Dray, 745 East Locust street, was in the Dray car when the boy climbed up and stuck his head in the car and the animal snapped at him. Robert was taken to a doctor by Officer George Bjick.

Sixteen more stray animals were disposed of by police authorities yesterday. The number included nine in the city and seven in Kankakee township.

Kankakee Is Given Degree In Music, Wesleyan

W. Eugene Leitch, son of Mr. and Mrs. W. F. Leitch, 1344 East Bourbonnais street received his master's degree in music last week from Illinois Wesleyan university in Bloomington.

He was a member of Phi Mu Alpha national music fraternity and has played in various musical organizations at the university and with the Bloomington municipal band and the Philharmonic orchestra.

He has enlisted in the U. S. naval reserves as a musician, first class, and has reported to Great Lakes Training station. He visited his parents this week and had David Bath of Worcester, Mass., as his guest. They are fraternity brothers.

Silk And Hosiery Mills Ordered To Close Doors

175,000 Soon-Jobless
Workers May Seek
Government Relief

Washington, Aug. 2.—The nation's silk and hosiery mills prepared to close the doors tonight on a \$250,000,000 industry, in obedience to a government order to cease production at midnight, and 175,000 or more silk workers looked to the federal government to provide means of support.

This effect of economic warfare in the Pacific was brought home to Americans with stunning force and suddenness last night as the office of production management issued a stop-order on silk processing, to conserve the supply of raw silk for the armed forces.

The order had the result of freezing every bale of raw silk in the hands of mills and warehouses, preparatory to possible requisitioning by the army and navy, who would thereby gain a two-year supply of silk for parachutes, powder bags and other defense necessities.

Unemployment Threat
In southern states, as in Pennsylvania, New Jersey, New York, and other hosiery centers, the action of priorities director E. R. Stettinius, Jr., raised the threat of widespread unemployment.

The action, resulting from restrictions on trade with Japan, source of virtually all American silk, hit manufacturers with no alternatives but indefinite shutdown or a switch-over, as rapidly as possible to the use of rayon, nylon or other synthetic fibre.

Mills having stocks of "thrown" silk—semi-processed fibre, ready for weaving—may continue to function, but only until their supply of thrown silk is used up. Otherwise only firms which hold army and navy orders, and which obtain specific permission from Stettinius may operate.

Representatives of management and employees alike, who were gathered in Washington yesterday for a conference on the heightening emergency, threw their support generally behind a union-conceived plan for reorganization of the industry with liberal use of federal funds.

It was advanced by Emil Rieve, president of the CIO Textile Workers union of America, and provided:

Increased Rayon Production
That rayon and other synthetic fibre production be increased about 50 million pounds a year, through federal financing of plant expansion, to make up the loss of the 35 to 50 million pounds of silk normally imported.

That existing and future stocks of synthetics and fine cotton yarn be

Alesund, Where Norwegians Rise Against Nazis

Reports from Stockholm, capital of Sweden, state that serious outbreaks of trouble have occurred in Alesund, Norwegian port 150 miles north of Bergen, where Norwegians have staged widespread demonstrations against their Nazi conquerors. The reports said that attempts have been made to sabotage German military bases and communications.

Cullom Man In Hospital, Drank Poison

Frank Clark, 28, of Cullom, is a patient at St. Mary hospital suffering from the effects of drinking poison this morning.

He walked into the tavern of Sally Saneullus, 218 South East avenue, and about 11 a.m. was said to have lifted an ounce bottle of koline to his lips and drank about one-third of it.

Clark was rushed to the infirmary where his stomach was pumped out. He was given a chance to recover this afternoon.

The motive for the act was not immediately learned.

Civil Siege Is Proclaimed In All Norway

Germans Claim It Is A
State Of Emergency To
Quell Disturbances

Oslo, German Occupied Norway, Aug. 2.—(AP)—The German commissioner of Norway today was empowered to declare a state of emergency in Norway in order to deal with disturbances to public order, security and economic life.

There was no indication in the official announcement whether the reichs commissioner, Joseph Terboven, intended to make use of his new powers soon.

Under the new authorization the German authorities here would be enabled to conduct a summary execution, sentence accused persons to death or imprisonment up to a life term, and confiscate the property of accused persons.

Stockholm newspapers reported that a state of civil siege already had been put into effect in Norway, but Berlin denied it, announcing only that Terboven had been empowered to decree it.

It was explained officially that today's move was a precautionary legal step taken because recent events have brought development of the foreign political situation and the war into a "decisive phase for Norway."

Meet Any Situation
Terboven, it was said, therefore had to be authorized to meet any exceptional situation in the civil sphere promptly and effectively.

It was emphasized that the state of emergency which Terboven is empowered to declare differs from a military state of siege, which practically speaking exists in all occupied regions. The former is established by civil authorities, the latter by military.

All radios in the coast region of Norway from the Swedish border to Alesund must be delivered to German occupation authorities, it was decreed.

Railroads, it was ruled, also must be given up in the Lofoten islands and in the following cities north of Alesund: Kristiansund, Molde, Tromsø, Harstad and Setemoen.

Postpone Trial Of Man Charged With Pitchfork Fight

Emory Leutloff, farmer residing two miles south of Aroma Park, arrested by Deputy Sheriff Walter Bauer on a warrant charging him with assault with a deadly weapon, was released on his own recognizance yesterday for a hearing in county court when the judge returns from his vacation.

Leutloff is accused by Lawrence Gross, 146 North Entrance avenue, of stabbing Gross in the foot and the groin with a pitchfork when the latter went to the Leutloff farm to see his (Gross) children on Wednesday. The present Mrs. Leutloff formerly was Gross' wife and had three children by him, all of which are in her custody.

One of the boys had a collection of money and was taken to the farm to see him. He asserted that Leutloff charged him with the pitchfork, stabbed him in the foot and then near the groin. He also was said to have struck Gross in the face, doctor and later swore out the warrant. He is represented by Attorney Fred R. Stith Jr., and Leutloff has A. W. DeSelm as counsel.

Draft Evader's Age Saves Him From Prosecution

Lenora Carter, 32, colored of Greenwood, Miss., vagrant arrested in the I. C. railroad yards last week for investigation, was released yesterday from the county jail after authorities checked his record through FBI fingerprint files.

Carter, who had never registered for the draft and professed ignorance of the world set-up, willingly obliged the local board by signing up. Since he is over 28 years of age, however, federal agencies decided not to prosecute him as an evader since the army apparently doesn't want raw recruits that age.

Claim German Advance Forces On The Retreat

Hitler's Leaders Say
Heavy Onslaught On
Moscow Imminent

BY THE ASSOCIATED PRESS
Russian armies defending the Smolensk gateway to Moscow reported the slaughter of four German divisions (about 60,000 men) today and Soviet military dispatches declared that Nazi advance forces were retreating with heavy losses under red counter-attacks.

"From isolated defensive blows, the red army is going into consecutive counter blows which are hurling back the impudent enemy," said Pravda, the Communist party newspaper.

German reports said Nazi infantry moving up to the advance fighting lines in the Smolensk salient had freed swift Panzer columns for a new break toward Moscow.

On the southern front, Adolf Hitler's high command said that "another destructive battle is under way" about 150 miles south of Kiev, capital of the Russian Ukraine, and that Nazi speed troops had knifed deep into retreating red army columns.

The German high command asserted that Soviet divisions trapped east of Smolensk, on the central front, were "being further hemmed in."

A Russian communique said that bayonet-charging red troops killed hundreds of Germans of the 137th Nazi infantry division, trapped in the Smolensk sector, and that Soviet artillery accounted for other hundreds slain.

"In order to help retreating German" forces the communique said, "the German command threw into the battle the 137th German division which entered the fighting straight from the march."

Before the foot-weary Nazis could swing into action, the Russians, red troops struck in a flanking attack, and cut them off from support.

Entire Division Annihilated
The entire German division was said to have been annihilated.

Soviet dispatches also reported that the 99th red army division, an organization picked up from destroyed three other German divisions. The Russians said immobilized German tanks, their fuel exhausted, were being half sunk in the ground and used by the Nazis as pillboxes.

While the Russians pictured the 42-day-old conflict as turning in their favor, the Germans asserted a heavy onslaught against Moscow itself was imminent.

Informed quarters in Berlin said a German vanguard overtook retreating Russian forces, captured a motor highway, and picked up a Smolensk-approaching the Minsk-to-Moscow highway—and established another encirclement in that area. The precise locale was not given, but previous reports indicated it might be in the vicinity of Yasma, 130 miles from Moscow.

DNR, the official German news agency, said the four towns of Nevel, Novorzhev, Smolensk and Zhitomir—named in Soviet communiques to identify battle sectors—have been in German hands for a long time.

German military dispatches said the Smolensk sector, 230 miles west of Moscow, was littered with the bodies of men and horses and a jumble of wrecked machines.

Berlin still had no decisive news from the north front, where the Germans several days ago claimed that Russia's great industrial city of Leningrad was imperiled by a giant "squeeze" movement of Nazi troops striking from the south and Finnish forces descending from the north.

33rd Division To Arkansas Next Saturday

Two Infantry Brigades
Will Take Four Days
For Trip; Maneuvers

By JERRY T. BAULCH
Camp Forrest, Tenn., Aug. 2.—(AP)—The 19,000 men in Illinois' 33rd division will start rolling one week from today for their three weeks of maneuvers in Arkansas.

Maj. Gen. Samuel T. Lawton, division commander, will take four days for the trip with each getting two days of practice marching, for toughening purposes.

The 65th brigade, downstate Illinois troops from the 129th and 130th infantry regiments, will move out Aug. 9. They will ride two days and debark from their trucks only 24 miles from Okala, Ark., its concentration area. They will march 12 miles on Aug. 11 and another 12 on Aug. 12.

The 66th, Chicago troops from the 131st and 132nd infantry regiments, will do its hiking on the other end of the long trek. They will start Aug. 12 and hike 12 miles to Lynchburg, Tenn., and do another 12 the next day to Fayetteville, Tenn., the following day they will be picked up by the trucks of the 108th quartermaster regiment which will have returned from its job of transporting the 65th to its destination.

Bivouac at Shiloh Park
Both brigades will bivouac at Shiloh national park on the way, the first time Illinois troops—as troops—have been there since those days of 1862 when the battle of the union army called Shiloh and which the southern called Pittsburg Landing was fought.

The two brigades also will bivouac near Little Rock, Ark., on one night. The 58th field artillery brigade, the 122nd, 123rd and 124th regiments, will leave Aug. 15 and arrive at
